Pages	Year	No.	Vol.	Journal	Title	Authors	No.
85-98	1983	-	45	Journal of Faculty of Engineering, University of Tehran	How Sponge Iron Melts in Steelmaking Furnaces		
46-47	1987	-	-	Amirkabir Journal of Science and Tecnology	Scientific and Technical Information Global Network		
80-83	1987	-	-	Amirkabir Journal of Science and Tecnology	Research and University		
41-55	1987	-	48	Journal of Faculty of Engineering, University of Tehran			

Alloy Steel: Significance, Types and Applications

22-31 1988 - -

Amirkabir Journal of Science and Tecnology

New Topics for Research in Steel

26-33 1988 3 -

Kind, Shape and Effect of Sulfur Species in Steel

45-60 1989 - 49

Journal of Faculty of Engineering, University of Tehran

Production of V and Nb Microalloy Steel by Submerge Method

S.F. Kashani Bozorg
S. Heshmati Manesh 7
33-44 1989 - 49

Journal of Faculty of Engineering, University of Tehran

Application of Sponge Iron for Production of Cast Iron and Steel

J. Vahdatoi Khaki
M.R. Abutalebi 8
87-101 1990 - 50

Journal of Faculty of Engineering, University of Tehran

Effect of Phosphorous on Properties of Low Carbon Steel

41-55 1990 1 1

International Journal of Engineering, Iran University of Science and Technology

Effect of Chemical and Physical Parameters on Dephosphorization and Desulfurization of Steel by Addition of Lime Slag and Gas Injection

F. Khomamizadeh 10
119-126 1990 15 4

Amirkabir Journal of Science and Tecnology

Roasting and Reduction of Molybdenite Concentrate from Sar-Cheshmeh Copper Complex

H. Kabiri Ghomi
H. Damavandi
M. Samadian 11
45-56 1995 - 56

Journal of Faculty of Engineering, University of Tehran

Simulation of Steel Direct Smelting

A. Simchi 12
27-51 1995 - -
